Trade Show General Rules and Regulations

Application & Payment Terms

Exhibit Applications and Contracts submitted after January 8, 2024, must be accompanied by payment in full. Applications received without such payment will not be processed nor will space assignment be made. Network Media Partners, LLC dba "MCI USA" is working on behalf of ACF as an agent of and independent contractor to ACF.

Cancellation or Downsizing of Space by Exhibitor

Requests for cancellation or reduction of exhibit space must be in writing and shall become effective upon receipt by ACF. Due to the difficulty of determining and detailing losses which would result from cancellation of exhibit space, Exhibitor agrees to pay the following as liquidated damages (not as a penalty): If written notice of cancellation is received by ACF by March 1, 2024, ACF will retain or shall be owed a cancellation fee equal to 50% of the original fee; if written notice of cancellation is received by ACF after March 1, 2024, ACF will or shall be owed a cancellation fee of 100% of the original fee. The above cancellation terms shall apply regardless of the execution date of this Agreement and regardless of any re-sale of booth space by ACF.

Requests for a reduction in booth space will be handled on a case-by-case basis. Every effort will be made to accommodate, but due to the difficulty of determining and detailing losses resulting from reductions in exhibit space, ACF reserves the right to assess liquidated damages (not as a penalty) at its sole discretion up to 100% of the difference between the original fees and the reduced rate. Furthermore, ACF has full authority to relocate any Exhibitor after downsizing of space.

Cancellation or Postponement of Event Including Force Majeure

It is mutually agreed that, in the event that the Event is cancelled for any reason, then and thereupon this Agreement will be automatically terminated and ACF management will determine an equitable basis for the refund of a portion or all of the exhibit fees, after due consideration of expenditures and commitments already made.

Processing of Applications

ACF accepts for processing only those applications that include completed forms with all required information,

- are signed by an appropriate representative of the exhibiting company and
- are accompanied by the required payment.
- ACF reserves the right to exercise its sole discretion in the acceptance or refusal of applications.

Space Assignments

Booth assignments will be made upon receipt of full payment on a first-come/first served basis. Sponsoring companies will have priority for booth selection. Requests for space will be available upon receipt of contract, and a formal space selection process will occur in early 2024. Exhibitors wishing to avoid assignment of space adjacent to that of a particular competitor should indicate this on their application. Careful consideration will be given to all such requests. ACF reserves the right to modify the floor plan to accommodate space or change as necessary to avoid conflicts. Any space not reserved prior to the start of the conference may be deleted by

ACF without any obligation on the part of ACF. ACF reserves the right to assign booths as necessary to meet the requirements of all participants. ACF will notify any affected exhibitors in writing.

Exclusivity Clause

The ACF does not guarantee exclusive representation of a product on the exhibit floor.

Subletting of Space Prohibited

Exhibitors are not permitted to assign, sublet or otherwise transfer a booth or any part of the space allotted to them, nor shall they exhibit or permit to be exhibited in their space, any merchandise, advertising materials or signage which are not part of their company's regular products or services without approval from ACF.

Exhibitors must show only goods manufactured or dealt by them in the regular course of business. Should an article of a non-exhibiting firm be required for operation or demonstration in an Exhibitor's display, identification of such article shall be limited

to the usual and regular nameplate, imprint or trademark under which same is sold in the general course of business.

Any firm or organization not assigned exhibit space will be prohibited from soliciting business within the exhibit areas.

Contractor Services

An ACF appointed decorator will provide the following services: booth furnishings and accessories (tables, shelving, etc.), furniture rental and signs. They can also provide various booth designs, shipping, and labor to erect or dismantle custom exhibit booths. Included in this manual will be selected suppliers for all other services (e.g., plumbing, electrical, floral, cleaning, telephone, etc.).

An Exhibitor's Service Desk will be available during all hours of set-up, trade show hours & tear down. Although all efforts will be made to try to accommodate Exhibitors' last minute requirements, it is in Exhibitors' best interests to plan ahead due to limited equipment and services on-site.

Courtesy

The right and privileges of an exhibit shall not be infringed upon by any other exhibitor. Interviews, demonstrations, distribution of literature, etc. must be made from inside the exhibitor's booth. Exhibitors may not enter another exhibitor's booth or photograph/ investigate another exhibitor's products at any time without the express permission of that exhibitor.

Sound Devices

The use of devices for mechanical reproduction of sound or music shall not be permitted unless approved by management in writing. Music, whether mechanical, vocal or instrumental, shall not be permitted in the Exhibit Hall except at those times specified by Show Management. In general, the employment of any method to project sound beyond the confines of any Exhibitor's booth is prohibited. Exhibitors must police their own booths to ensure

noise levels from demonstrations, machinery, music or any noise device does not disturb neighboring Exhibitors. Please note: Exhibitors whose demonstrations, machinery, music or any noise device reaches a level above 80 dba will be required to turn down noise device or limit use of device. After initial warning regarding booth noise, Show Management reserves the right to levy a maximum fine of \$250. After the third warning, Show Management reserves the right to disconnect or remove noise-making device.

Canvassing

Canvassing outside the booth is forbidden. Vendors and/or exhibitors may not distribute materials to other exhibitors at any time. All business must be conducted from within each exhibitor's booth.

Conduct

Unethical conduct or infraction of rules on part of the exhibitor or its representatives will subject the exhibitor or both to dismissal from the Trade Show. In this event, it is agreed no refund shall be made by ACF.

Restrictions

Exhibitors or their agents may not allow any articles to be brought into the Trade Show or commit any act on the premises which would invalidate the insurance or increase the premium on the policies held by the management of the host facility, nor permit anything to be done by their employees through which act the premises, property, or equipment of other Exhibitors will be damaged. No signs or articles can be affixed, nailed or otherwise attached to walls, floors, etc., in such a manner as to deface or destroy them. In addition, use of tacks, plastic tape, nails, screws, bolts, or any devices that could mar or damage the floor or carpet is prohibited. Security and Storage

Watchmen will be in place in the exhibit hall from installation through dismantling, except during show hours. All security is subject to the provisions of the following paragraph on Assumption of Risk.

Assumption of Risk

The Exhibitor acknowledges that the layout of the exhibit area and the large numbers of people present in the exhibit hall make it impossible for adequate security to be provided to protect the Exhibitor's merchandise and other property. Accordingly, the Exhibitor assumes all risk of loss for Exhibitor's merchandise, fixtures, displays, and any other property of the Exhibitor located in the exhibit area, storage area, or any other area where access has been provided to Exhibitors by ACF where such loss results from theft, vandalism, or any other damage caused by any agent or employee of ACF or caused by any other person either authorized or not authorized to be present at the exhibit hall. Furthermore, the Exhibitor acknowledges that security guards and storage areas are provided by ACF merely as a service, and that ACF has made no representation regarding the adequacy of such security measures. ACF requires that all Exhibitors consult their individual insurance representatives to obtain appropriate insurance coverage.

It is understood by the Exhibitor that the nature of the facilities available, the presence and circulation of large numbers of people, the difficulty of effective supervision over the protection of large numbers of removable articles in many booths, and various other factors, make it reasonable that each Exhibitor shall assume the risk of any injury, loss or damage. The Exhibitor, by signing the Application & Contract for Exhibit Space, thereby assumes such risk and expressly releases and agrees to indemnify ACF and its members, officers, representatives, agents and employees from any and all claims for any such loss, damage or injury.

Watchmen will be furnished for the perimeter of the hall, but the furnishing of such watchmen shall not be deemed to affect the non-liability of ACF and its members, officers, representatives, and employees; the official service contractors; the host facility, its officers, representatives and employees; nor to modify in any way the assumption of risk and release provided for above.

It is highly recommended Exhibitors take precautionary measures of their own, such as ordering their own security guard through the official ACF security company. An order form is included in the Exhibitor Service Kit.

Exhibition Hours

All Exhibitors will be notified in writing of the show hours. The exhibit floor will not be open at any other time. Exhibiting companies may enter the hall 1 hour before show opening. No children under 16 years of age will be permitted in the exhibit hall at any time.

PHOENIX CONVENTION CENTER • JULY 14-17, 2024

Trade Show General Rules and Regulations

Exhibition Set-up and Teardown

Exhibitors will have access to the exhibit floor to begin setting up their booth at a posted designated time.

All teardown must be completed by posted deadline. If an exhibit is not set up by the posted deadline, ACF has the right to either reassign such space to another Exhibitor or to make other use of the space as deemed necessary or appropriate. No refund will be made to the original contracting Exhibitor. ACF also has the right to approve labor charges (which will be billed to the Exhibitor) for the installation of the booth in a manner that is presentable for show open. Any charges incurred for necessary changes to an unoccupied exhibit booth shall be borne by the original contracting Exhibitor. No part of an exhibit shall be removed during the show without special permission from ACF.

Registration and Admission to Exhibition

Entrance to the ACF Trade Show during exhibit hours is restricted to persons in possession of an authorized conference badge. Each person working in your booth must register by completing a separate exhibitor registration form to receive an exhibitor badge.

Each exhibiting company must name one person to be the official representative in connection with installation, operation and removal of firm's exhibit. This person will receive all mailings pertaining to this show. Such representative shall be authorized to enter into such service contracts as may be necessary and for which the exhibiting company shall be responsible. The exhibiting company shall assume responsibility for such representative being in attendance throughout all exposition periods and this representative shall be responsible for keeping the exhibit neat, staffed and orderly at all times.

under the terms of this provision, then all amounts paid by Exhibitors to ACF for the Trade Show will be returned, minus a pro rata reduction equal to the expenses incurred by ACF, prior to, and arising from, such cancellation.

In the case that said premises shall be destroyed by fire or the elements or by any cause, or in the case of government intervention or regulation, military activity, strikes, or any other circumstances that make it impossible or inadvisable for ACF to hold the show at the time and place provided in the Application and Contract for Exhibit Space, then and thereupon the contract shall terminate and the Exhibitor shall waive any claim for damages or compensation, except the pro rata return of the amount paid for space, after deduction of actual expenses incurred in connection with the show, and there shall be no further liability on the part of either party.

Exhibitors are required to obtain adequate insurance coverage at their own expense for property loss or damage, minimum one million (U.S. Dollars) per occurrence and liability for personal injury, minimum one million per occurrence, and must provide evidence of insurance naming ACF as an additional insured on the first day of move-in.

Limitation of Liability

Notwithstanding the foregoing, in the event ACF, its respective members, officers, employees, or agents shall be found liable to any Exhibitor for loss, damage, or injury sustained by reason of such Exhibitor's participation in or presence at the Trade Show, or arising under the terms of these Rules, the amount of such liability to said Exhibitor shall be limited to a maximum of \$1000. The exhibitor assumes the entire responsibility and liability for losses, damages, and claims arising out of exhibitor's activities on the host facility premises and will indemnify, defend, and hold harmless the ACF, the host facility, its owner, and its management company, as well as their respective agents, servants, and employees from any and all such losses, damages, and claims.

Indemnification

Exhibitor agrees to protect, save and hold the American Culinary Federation and the host facility, the official service contractor, and all agents and employees thereof (hereinafter collectively called Indemnities) forever harmless for any damages or charges imposed for violations of any law or ordinance, whether occasioned by the negligence of the Exhibitors or those holding under the Exhibitor, and further, the Exhibitor shall, at all times, protect, indemnify, save and hold harmless the Indemnities against and from any and all losses, costs, damages, liability or expenses (including attorneys' fees) arising from or out of or by reason of any accident or bodily injury or other occurrences to any person or persons, including the Exhibitor, its agents, employee or business invitees, which arise from or out of or by reason of said Exhibitor's occupancy and use of the Trade Show premises, the hotel or any past thereof.

Exhibit Construction Guidelines

Standard Booth

Definition

One or more standard units in a straight line.

Booth Design

Exhibit fixtures, components and identification signs will be permitted to a maximum height of 8'3" (2.5m). All display fixtures over 4'0" (1.22m) in height and place within 10 lineal feet (3.05m) of an adjoining exhibit, must be confined to that area of the exhibitor's space which is at least 5'0" (1.52m) from the aisle line for those exhibits with 14'0" (4.27m) depth or more. Meanwhile, for those exhibits with 9'0" (2.75m) or less of depth, they must confine their display fixtures over 4'0" in height to the back half of the booth.

Intent

Each exhibitor is entitled to a reasonable sightline from the aisle regardless of the size of the exhibit. Exhibitors with larger space - 30 lineal feet (9.14m) or more - should also be able to effectively use as much of the total floor space as possible as long as they do not interfere with the rights of others. The limitation on display fixtures over 4'0" (1.22m) and within 10 lineal feet (3.05m) of a neighboring exhibit is intended to accomplish both of these aims.

Perimeter Wall Booth

Definition

Standard booth located on the outer perimeter wall of the exhibit floor.

Booth Design

Exhibit fixtures, components and identification signs will be permitted to a maximum height of 11'0" (3.6 m) in perimeter wall booths. All display fixtures over 4'0" (1.22m) in height and place within 10 lineal feet (3.05m) of an adjoining exhibit, must be confined to that area of the exhibitor's space which is at least 5'0" (1.52m) from the aisle line for those exhibits with 14'0" (4.27m) depth or more. Meanwhile, for depth they must confine their display fixtures over 4'0" in height to the back half of the booth.

Intent

See Standard Booth Guidelines.

Towers

Definition

A free standing exhibit component separate from the main exhibit feature that is used for identification purposes only.

Booth Design

Towers will be permitted to a height and depth that correspond to the height and depth regulations for the appropriate exhibit configuration of which they are a part. For example, towers that are part of a peninsula exhibit will not exceed 11'0" (4.88m) in height, and will not be placed within 10 lineal feet (3.05m) of a neighboring exhibit unless they are confined to that area of the exhibitor's space which is at least 5'0" (1.52m) from the aisle line to avoid blocking the sightline for the aisle to the adjoining booth.

Structural Integrity

Towers in excess of 11'0" (3.55m) must have drawings available for inspection by exposition management, the installation and dismantling contractor, the exhibitor and governmental authority during the time the tower is being erected, exhibited and dismantled at the show site that include a signature or stamp of a reviewing structural engineer indicating that the structure designed is properly engineered for its proposed use, and a signature of an authorized official of the exhibit building company indicating that the structure is built in compliance with the details and specification set forth on the drawings. Intent Exhibitors adjoining exhibits with towers are entitled to the same reasonable safety precautions they would expect if the were adjacent to a standard booth.

Exhibit Construction Guidelines

Island Booth

Definition

Exhibit with one or more display levels in four or more standard units with aisles on all four sides.

Booth Design

Exhibit features, components and identification signs will be permitted to a maximum height of 16'0" (4.88m), provided written approval is received from the Show Management, 60 days prior to the opening of the Exposition.

Because an island booth is automatically separated by the width of an aisle from all neighboring exhibits, full use of the floor plan is permitted.

Caution: Exhibitors installing a display with a ceiling or second level should check with the local fire department to insure that their display meets with the necessary fire safety precautions involving smoke alarms, fire extinguishers, sprinkler systems, etc.

Structural Integrity

See Peninsula Booth guideline.

Intent

Exhibitor in the vicinity of island exhibits are entitled to the same reasonable safety precautions they would expect if they were adjacent to a standard booth.

Peninsula Booth

Definition

Exhibit with one or more display levels in four or more standard units back to back with an aisles on three sides.

Booth Design

Exhibit fixtures, components and identification signs will be permitted to a maximum height of 11'0" (4.88m), provided written approval is received from the Show Management, 60 days prior to the opening of the Exposition.

All display fixtures over 4'0" (1.22m) in height and place within 10 lineal feet (3.05m) of a neighboring exhibit must be confined to that area of the booth that is at least 5'0" (1.52m) from the aisle line to avoid blocking the sightline from the aisle to the adjoining booth.

Peninsula booths are normally "faced" towards the cross aisle. Any portion of the exhibit bordering another exhibitor's booth must have the back side of that portion finished and must not carry identification signs or other copy that would detract from the adjoining exhibit.

Caution: Exhibitors installing a display with a ceiling or second level should check with the local fire department to insure that their display meets with the necessary fire safety precautions involving smoke alarms, fire extinguishers, sprinkler systems, etc.

Structural Integrity

All multi-story exhibits and all exhibit fixtures and components exceeding 11'0" (3.55m) must have drawings available for inspection by exposition management, the installation and dismantling contractor, the exhibitor and governmental authority during the time the exhibit is being erected, exhibited and dismantled at the show site that include a signature or stamp of a reviewing structural engineer indicating that the structure designed is properly engineered for its proposed use, and a signature of an authorized official of the exhibit building company in compliance with the details and specification set forth on the drawings. Signs must also be posted indication the maximum number of people the structure will accommodate.

Intent

Exhibitor in the vicinity of peninsula exhibits are entitled to the same reasonable safety precautions they would expect if they were adjacent to a standard booth.

Canopies and Ceilings

Definition

An exhibit component supported over an exhibitor's space for decorative purposes only.

Booth Design

Canopies, false ceilings and umbrellas will be permitted to a height that corresponds to the height regulation for the appropriate exhibit configuration of which they are a part. The canopy or false ceiling exhibit will not exceed 1'0" (30cm) in depth and cannot be used for identification purposes except as would normally be allowed for any exhibit component within the regulations set forth for the exhibit configuration.

Canopies may extend out to the aisle line and up to the booth line on either side of an exhibitor's space providing that the support structure will not exceed 3" (7.63cm) in width when placed within 10 lineal feet (3.05m) of an adjoining exhibit and not confined to that area of the exhibitor's space which is at least 5'0" (1.52m) from the aisle line.

Caution: Exhibitors installing a display with a ceiling should check with the local fire department to insure that their display meets with the necessary fire safety precautions involving smoke alarms, fire extinguishers, sprinkler systems, etc.

Intent

Exhibitors adjoining exhibits with canopies are entitled to the same reasonable safety precautions they would expect if the were adjacent to a standard booth.
